D E D I C A T I O N

We, the Annual Staff of the "Rising Hi", the yearbook for the 1949-1950 Risingsun School year, wish to dedicate our Annual to Mr. W. F. Stevens our Vocational Agriculture Instructor.

Mr. Stevens has taught in the Risingsun Schools for thirteen years, having begun his work here in 1937.

Having graduated from Ohio State University; he has taught in different sections of Ohio, for a total of thirty-four years. He also served a considerable time as a soldier in World War I.

During his thirteen years in Risingsun, Mr. Stevens has made a multitude of friends among students and community members. He has been a tireless worker in all the school's activites. Whatever the chore or task may have been, he has been loyal to all that was worthy and wholesome. With excellence as his goal he has never stopped until the "job was well done."

It is with pride and pleasure, that we, the Seniors of 1950, honor Mr. Stevens with this dedication. May he continue to serve the Risingsun School with future achievements to equal those of the past.

EDITORIAL

It soon will be time for another graduating class to make a way for themselves in this world. We, the annual staff, therefore, have tried to portray to you the events and happenings of our senior year through this 1950 edition of the "Rising Hi".

Have you ever heard one say, "If only these rooms, these corridors, could talk, what a story they would tell?" Of course, we know these things to be impossible. But through the words and pictures of this annual we believe you can obtain this information.

We hope you will read this annual and enjoy it as much as we have enjoyed publishing it.

As Editor, I wish to express my thanks and appreciation to Mr. Smith, our commercial teacher, the annual staff, all advertisers, students and friends who have helped in so many ways to make this edition a success.

It is our sincere desire that you will treasure and keep this book in your libraries; that you may from time to time scan its pages and look at its pictures, to be in a postition to always observe the forward steps of Risingsun High School.

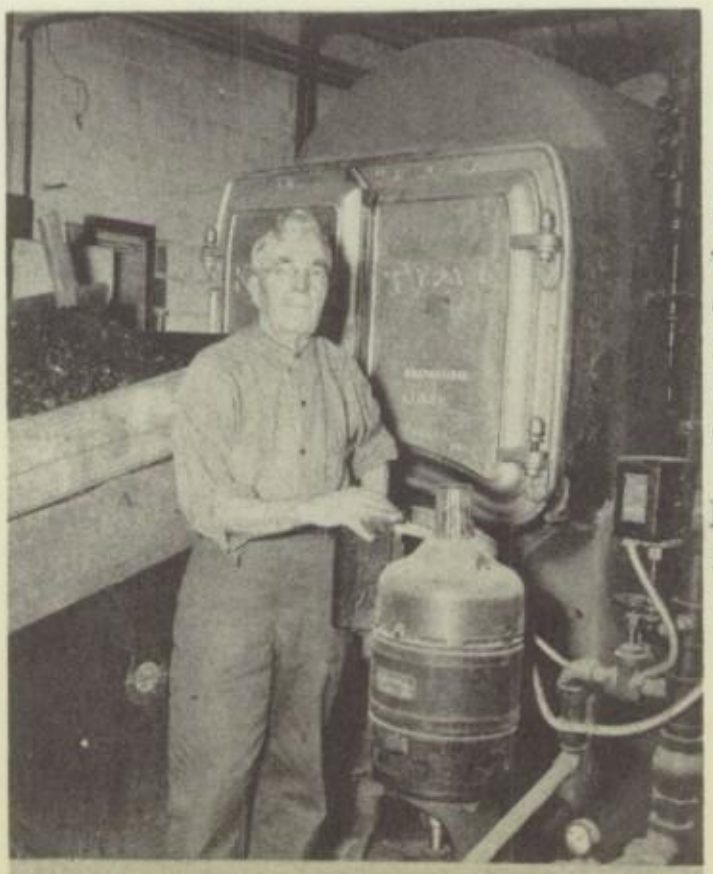
In Memoriam

It was with much sadness, that the school learned of the sudden death of Mr. Walters; who had served as our school custodian for the last eighteen months.

Mr. Walters was a kind, energetic, tireless, friendly and thoughtful person. He was always helping someone, as he found pleasure in assisting the students and teachers from day to day.

May we always remember him as just "one fine fellow, and as a friend to all of us".



Our Janitor- Mr. Walters

SENIOR CLASS HISTORY

As I awoke early in the morning September 7, 1938, and gazed out of my window I saw forty small children getting aboard "The Steamer of Success" which was to leave that morning, and to arrive at Risingsun School at 9:00.

The next day as I picked up the Unique Weekly to scan the school news, I ran across a story of the same group of children that had boarded the steamer and of how they had responded to their entry into school. It mentioned the teacher, Miss Storey, and told of their lives before they entered school.

As the years passed on, and I read my copies of the town paper, I watched for and kept clippings of the activities of these children and the decrease or increase in the number of students in their class. The clippings I have that I prize most are the write-ups about their being initiated into the Freshman Class, the staging of the Junior Class Play "The Angell Brats," and the receiving of their Junior Class rings. It seems that now they are completing their twelfth year and are waiting to receive their diplomas May 18, 1950.

I also have clippings that tell of the activities they have participated in this year. Three girls are F.H.A. members, five boys are F.F.A. members and there is one girl who is a cheerleader. Three lettermen were back for football and three back for basketball, seven players were back for baseball.

As I retired for the evening after reading these clippings over again, I lay there thinking of the things which had taken them twelve years to learn and that had taken me just one half-hour to reread.

As I awoke the next morning and glanced at the Unique Weekly I saw the headlines reading "Four Seniors made history by taking R.H.S. to Semi-Finals." This we seniors are glad to read that two of our boys made all-county. This does not mean the seniors alone led R.H.S. to such a good standing. We received help from other classes and appreciate their assistance.

After placing all of these clippings back in my scrapbook and putting it back into my desk drawer the words "Knowledge Comes But Wisdom Lingers" show very brightly against the top of my book. This had led me to think that this motto holds true of the Seniors and also is true of me, because this class of "1950" had done numerous things that has made my thoughts linger on its past.

As Baccalaureate arrive May 14, and Commencement May 18, I believe the Seniors will be ready to say as Bob Hope says, "Thanks for the memories."

THE SENIOR CLASS PROPHECY

"Good evening Mr. and Mrs. America and all the ships at sea. This is your local radio station W.R.H.S.

Tonight is the tenth anniversary of the graduation class of 1950. During the last few weeks I have interviewed the members of this class in order to tell you what they have accomplished.

Lois Fausey is now head make-up artist at a large movie studio in Hollywood. Lois does most of her work on actors and actresses in horror movies. She hasn't however, forgotten her country home in Ohio where she journeys each fall to guard her prize water-melon patch.

Don Swaisgood is retired. It seems he went West as a government agent to teach the Indians modern farming. Don found a huge underground river and irrigated thier reservations. The Indians made so much money they made Don an honorary chieftain and gave him an annual income of $100,000.

Barbara Miller owns and operates the "Jouette" a fashionable New York restaurant. The restaurant is famous for tiger meat served Swiss style. All the waitresses uniforms are black corduroy with bright orange satin trim. They blend in with the walls also black and orange.

Francis Kreais worked for awhile on a freighting boat. One stormy night Francis was washed overboard on the Egyptian shore. While hitchhiking inland he came upon the king, whose car had stopped. Francis soon fixed the motor trouble and is now a permanent employee at the palace. On hot afternoons he rides up and down the Nile River on a golden barge. Some life!

Trois Stainbrook has done several things. First she was a member of the all girl Symphonette which traveled worldwide. Trois then attended college and entered the field of teaching. She now teaches in northern Alaska where she started a progressive school for Eskimo children.

Don Graber is our American ambassador to Brazil. Perhaps you've seen him in the newsreels. Don always wears a black coat, white shirt and trousers, a red sash and red carnation. He has greatly improved international relations by learning to rhumba.

Fred Bingle is the now famous astrologer who gave us the answer to the mysterious flying saucers. For this accomplishment the United States government built him a special labratory with a giant telescope. Fred works very hard , but relaxes by vacationing on the moon. He says it's very quiet there.

Barbara Younkin now devotes all her time to the raising and racing of a stable of thoroughbred horses. She got her start in her Senior year and soon had so many horses she bought a farm (Squires Farm) in Kentucky.. Barbara now sits on the old top rail singing cowboy songs.

Jim Stahl is now proprietor of his own factory. After graduation Jim played professional football. When he returned to take up a milk route Jim found the bottles so heavy he started work on making milk capsules. His factory now produces the world's tiniest compact quart of milk.

Eva Mae Rathburn is an instructor of girls physical education in Cleveland. Though teaching rakes up a lost of her time Eva manages to see all the Cleveland home baseball games. During summer vacations Eva works on her favorite hobby—making perfume from flowers she grows in her garden. I hear her lastest perfume is radio-active.

Ronnie Bassett was raising strawberries but decided this unglamorous life was not for him. One day he found a mink and this changed his life completely. Soon he had dozens of minks but his favorite is a white one with brown and black spots. Ronnie has prospered so well that he had his living-room rug made of white mink.

Beverly Gorrill taught school for several years, but she enjoyed cooking and baking so much as a sideline that she was employed by General Mills in Minneapolis as a foods labratory technician. (A very impressive title). Bev's recipes are so popular she's becoming another Betty Crocker.

Don Cunningham has a workshop in Risingsun where he turns out some very unique inventions. He attends all the stock-car races and frequently enters his own car, a Model-T with a Cadillac motor. The car attracts attention and always wins. In fact Don is seriously thinking of building a trophy room.

Leroy Kline "pounded the pavement" for awhile selling Fuller Brushes. This proved to be too hard on his feet and he decided to try a job where he could sit down. He found the perfect job—he sits in a big easy chair all day counting gold at Fort Knox.

SENIOR PROPHECY (continued)

Eddie Rose is a professor at Ohio University. He supervises the writing of all state tests. Eddie owns a farm also, that has all the latest improvements, but he had so little time to run it he converted it into a wrestlers.

Richard Bowers lives in southern Africa. He built an atomic retreat to get away from the "outside world". Here Richard makes experiments. On what? Nobody knows. These experiments made so much noise that all the alligators, elephants, Bushmen and monkeys have left.

Eddie Moor operates a fleet of trucks which haul steel nation-wide. Recently all of Eddie's trucks have been fitted with jet propulsion. His motto is: "The fastest deal in steel; our speed we can't reveal."

JUNIOR CLASS HSITORY

At the end of last year we gained four students from Bradner, which would have made the total of twenty-one members at the beginning of this year but we lost Douglas Murdock to Napoleon, Ohio and Edmund "Bing" Norvell to Adrian Mich. We now have nineteen members.

On November 1, 1949, we Juniors recieved our class rings and we are very proud of them. On the following Friday, November 4, 1949, we presented to a vast audience a three act comady entitled "ASK ME ANOTHER."

We sold consessions at a few of the football and basketball games.

Margrete Stump and Barbara Lehmann were chosen as two of the four cheerleaders this year. Barbara was also chosen by the student body as our 1949 Football Queen. She reigned at the game with Bradner.

We feel proud of our class because there are quite a few active members in our group who are in the school band and football and basketball athletics. We are hoping that next year our boys are the top stars in sports.

FOOTBALL

During the football season of 1949 the RISINGSUN TIGERS were successful in winning five of the nine ganes which were scheduled, seven of which were six-men and two, elevenman.

Twenty-five boys reported for practice, three being letter men from last year's squad. After a few weeks of stiff practice under the supervision of Coach Gladieux, we were ready to play ball.

Our first game was with Clyde at the Clyde Premiere. The score ended 0-0. Our next game we journeyed to Lakeside where we suffered a loss 26-6. We next journeyed to Greensprings and chalked up our first win 47-20.

We next played Waterville and marked another win for the TIGERS 28-6. Our next game was with Wayne, in which we led all the way by a fair margin and the game ended 91-39. The following game was with Grand Rapids and again the TIGERS came through with a 44-6 score.

We then journeyed to Luckey and suffered our second defeat 13-6. Our next game was the most exciting game of the year. We played Bradner and the game ended 32-31. Our last game was with Bloomdale and we had a successful day by winning another game 25-14 and also winning the annual "CIDER JUG" to keep until the teams meet the following year. A very successful and exciting season was seen by all!
